

**INITIAL LIST OF BENEFICIAL USES AND USERS OF GROUNDWATER
for the
MARINA AND ORD COMMUNITY SERVICE AREAS
of the
MONTEREY SUBBASIN**

In accordance with California Water Code sections 10723.4, a list of interested parties has been developed and will continue to be updated throughout the Marina Coast Water District's (District) development and implementation of a Groundwater Sustainability Plans (GS Plan). As required by the Sustainable Groundwater Management Act (Water Code section 10720, et seq.) the District will consider all beneficial uses and groundwater users and managers. These beneficial interests and parties include, but are not limited to, all of the following:

1. Local Water Districts adjoining the GSA:
 - a. Monterey Peninsula Water Management District
 - b. Adjudicated Seaside Groundwater Basin Watermaster

2. Holders of Overlying Groundwater Rights: agricultural and domestic well owners, municipal well operators and public water systems
 - a. U.S. Army
 - b. Any others to be determined

3. Surface Water Users
 - a. To be determined

4. Environmental Users of groundwater:
 - a. Fort Ord National Monument
 - b. California State Parks
 - c. County of Monterey

5. Local Land Use Planning Agencies:
 - a. City of Marina
 - b. City of Monterey
 - c. County of Seaside
 - d. Fort Ord Reuse Authority

6. Federal Government: There are several federal agencies which may hold or manage land overlying the groundwater sub-basins within the service area of the District GSA, including:
 - a. U.S. Bureau of Land Management
 - b. U.S. Army Ord Military Community, Presidio of Monterey
 - c. U.S. National Parks Service

7. California Native American Tribes:

None within the GSA.

8. Disadvantaged Communities:

None within the GSA.

9. Entities listed in California Water Code Section 10927 that are monitoring and reporting groundwater elevations in all or part of the subbasin to be managed by the District as the designated GSA:
 - a. Monterey County Water Resources Agency

10. Other Entities:
 - a. The Salinas Valley Basin GSA Joint Powers Authority
 - b. Other GSAs that may be formed to manage the remainder of the subbasin or adjoining subbasins.

The District is open to an open and inclusive process to implement SGMA. Interested parties will have opportunities, both formal and informal, to provide input to the District throughout the process of developing, operating, and implementing the GSA and GSP. Such opportunities may include, but are not limited to, public comment periods required by SGMA (e.g., Water Code section 10728.4); opportunities for public comment during regular and special board meetings; and at other times to be determined and noticed pursuant to Water Code section 10727.8 (a).

The above-referenced agencies, water providers and other interested stakeholders will be contacted to determine how best to consider and protect their interests, and invited to participate in evaluating and defining roles and responsibilities during the GSP planning and implementation process.
