Agenda Title: Consider Adoption of Resolution No. 2009-65 in Recognition of Barbara Montanti, Customer Service Assistant, and Awarding a Plaque and Gift Certificate for 10 Years of Service to the Marina Coast Water District

Detailed Description: Barbara Montanti joined the District on August 26, 1999. As the Customer Service Assistant for the District, her work days are filled with demanding and challenging tasks in the office, answering calls and assisting customers.

Barbara's primary responsibility is to help customers on the phone and in person, input cash receipts, and respond to customer queries regarding their water bill and other questions. Barbara is always helpful in providing service to our customers. Barbara greets the District customers and visitors with a smile and interacts well with customers even in difficult situations. Barbara has also filled in for the Clerk of the Board during several Board meetings and has done a great job.

It is with great pleasure that we recognize Barbara Montanti's ten years of service to the Marina Coast Water District. We collectively thank her for her years of outstanding service, and wish her well in her continued service to the District.

Agenda Title: Adopt Resolution No. 2009-67 to Approve a Professional Services Agreement with Westin Engineering Inc. to provide Asset Management System Maintenance and Support Services for FY 2009/2010

Detailed Description: The Board of Directors is requested to approve a Professional Services Agreement with Westin Engineering Inc. (Westin) to provide Asset Management System Maintenance and Support Services for FY 2009/2010 on a time-and-materials basis for a not-to-exceed amount of \$30,000. On July 23, 2008, the Board of Directors approved a similar Professional Services Agreement with Westin for FY 2008/2009 Asset Management System support via Resolution No. 2008-37.

On February 28, 2007, the Board of Directors authorized the Asset Management System via Resolution No. 2007-24. Pursuant to that direction, staff entered into a Professional Services Agreement with Azteca Systems Inc. and their business partner Westin Engineering Inc. to purchase the necessary equipment and to provide support for the new System. On April 11, 2008, the Azteca Cityworks Asset Management software was implemented successfully and District staff has been using the software, capturing all Service Requests and Work Orders in this modern software program. Staff found the services provided by Westin to be an important part of maintaining and troubleshooting technical issues with the Asset Management software.

To ensure continued use and successful implementation of the Asset Management System programs, staff is requesting the District enter into a Professional Services Agreement with Westin to provide ongoing System maintenance of the custom Springbrook/Cityworks/GIS integration for FY 2009/2010. Support is needed for future service-pack installation, other non-routine troubleshooting outside of the staff's expertise, and on-call support services for non-routine events and issues.

Environmental Review Compliance: None required.

Prior Committee or Board Action: The District Board of Directors approved the FY 2009/2010 Budget on June 9, 2009. The District Board of Directors approved Resolution No. 2008-37 on July 23, 2008 authorizing staff to enter into a Professional Services Agreement with Westin Engineering Inc. to provide Asset Management System maintenance and technical support for FY 2008/2009. The Board of Directors approved Resolution No. 2007-24 on February 28, 2007 authorizing staff to enter into a Professional Services Agreement with Azteca Systems Inc. and their business partner Westin Engineering Inc. to purchase the necessary equipment to support the Asset Management System.

Financial Impact: Yes No

Funding Source/Recap: This item will be funded from the 2009/2010 Engineering Operating Budget, across all four cost centers, in the amount of \$30,000.

Board Goals/Objectives: – *2007/2008 Strategic Plan – Objectives Goal No. 1 – To manage and sustain the District’s groundwater and desalinated water, recycled water and wastewater services, conservation activities, infrastructure and human resources at or above industry standards.*

Agenda Title: Receive the Quarterly Financial Statements for April 1, 2009 to June 30, 2009

Detailed Description: All figures reported for the quarter are based on accrual basis accounting. The District's consolidated financial statement for the quarter includes revenues of \$3.832 million and expenses of \$2.013 million, resulting in operating reserves of \$1.819 million. The District budget projected an operating reserve of \$0.630 million for the same period. The operating reserve was higher than the budget expectation by \$1.189 million due to increase in revenues for the current quarter.

C. Consider Adoption of Resolution No. 2009-48 to Approve the District Reserve Fund Policy:

Mr. Prasad introduced this item. Director Moore had a clarifying question.

Director Burns made a motion to adopt Resolution No. 2009-48 approving the District Reserve Fund Policy. Director Moore seconded the motion. The motion was passed.

Director Moore	-	Yes	Vice President Lee	-	Yes
Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

D. Consider Adoption of Resolution No. 2009-49 to Approve the Memorandum of Understanding between the Marina Coast Water District Employees Association and the Marina Coast Water District:

Ms. Jean Premutati, Management Services Administrator, introduced this item. She stated that there were a few minor changes to the document. The changes are:

- 1) Article 10.5 – Shift Differential, the end of the first sentence should read, “...rate of pay for all hours worked during the assigned shift.” The second sentence should also read the same, “...rate of pay for all hours worked during the assigned shift.”
- 2) Article 12 – Holidays, the last paragraph should read, “Association members who are statutorily non-exempt...”
- 3) Article 15.6 – Voluntary Furlough, item 5 should read, “may take up to forty (40) hours of ~~unpaid leave~~ of voluntary furlough without pay at any one time...”

Director Moore made a motion to adopt Resolution No. 2009-49 approving the Memorandum of Understanding between the Marina Coast Water District Employees Association and the Marina Coast Water District with the aforementioned changes. Vice President Lee seconded the motion. The motion was passed.

Director Moore	-	Yes	Vice President Lee	-	Yes
Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

E. Consider Adoption of Resolution No. 2009-50 to Approve the Memorandum of Understanding between the Teamsters Local 890 and the Marina Coast Water District:

Ms. Premutati introduced this item and mentioned that the table of contents is missing Article 15.7 – Voluntary Furlough Without Pay.

Director Burns made a motion to adopt Resolution No. 2009-50 approving the Memorandum of Understanding between the Teamsters Local 890 and the Marina Coast Water District. Vice President Lee seconded the motion. The motion was passed.

Director Moore	-	Yes	Vice President Lee	-	Yes
Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

F. Consider Adoption of Resolution No. 2009-51 to Approve a Resolution of Intention to Approve an Amendment to the Contract between the Board of Administration California Public Employees' Retirement System and the Board of Directors Marina Coast Water District:

Ms. Premutati introduced this item and Mr. Stuart Bennett, California Public Employees Retirement System. Director Moore asked a question regarding any increases that may be upcoming over the next few years. Mr. Bennett answered that unless the economy has a drastic turn-around, there will be increases in employer paid contributions.

Director Burns made a motion to adopt Resolution No. 2009-51 approving a Resolution of Intention to Approve an Amendment to the Contract between the Board of Administration California Public Employees' Retirement System (CalPERS) and the Board of Directors Marina Coast Water District. Director Moore seconded the motion. The motion was passed.

Director Moore	-	Yes	Vice President Lee	-	Yes
Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

G. Consider Adoption of Resolution No. 2009-52 to Approve the Paying and Reporting of Employer-Paid Member Contributions of CalPERS for the Marina Coast Water District Employees Association; and Resolution No. 2009-53 to Approve the Paying and Reporting of Employer-Paid Member Contribution of CalPERS for the Management and Confidential Unit, Teamsters Local 890:

Ms. Premutati introduced this item.

Agenda Item 8-G (continued):

Director Moore made a motion to adopt Resolution No. 2009-52 approving the Paying and Reporting of Employer-Paid Member Contributions of CalPERS for the Marina Coast Water District Employees Association and Resolution No. 2009-53 to Approve Paying and Reporting of Employer-Paid Member Contributions of CalPERS for the Management and Confidential Unit, Teamsters Local 890. Vice President Lee seconded the motion. The motion was passed.

Director Moore	-	Yes	Vice President Lee	-	Yes
Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

H. Consider Adoption of Resolution No. 2009-54 to Approve a Professional Services Agreement with The EDCCO Group for SCADA Design Integration for the Recycled Water Component of the Regional Urban Water Augmentation Project:

Mr. True introduced this item.

Director Burns made a motion to adopt Resolution No. 2009-54 approving a Professional Services Agreement with The EDCCO Group for SCADA Design Integration for the Recycled Water Component of the Regional Urban Water Augmentation Project. Director Moore seconded the motion. The motion was passed.

Director Moore	-	Yes	Vice President Lee	-	Yes
Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

I. Consider Adoption of Resolution No. 2009-55 to Provide a Variance Regarding 223/225 Palm Avenue:

Director Nishi asked to hold this item until later in the meeting as the applicant was delayed in getting to the meeting.

President Gustafson agreed to postpone this item until later in the meeting.

J. Consider Censure of a Director:

Mr. Lloyd Lowrey, Legal Counsel, introduced this item. He recommended, in accordance with a recent decision in the California courts, to give Director Moore due process to receive information at this meeting and take no action until the following meeting to allow Director Moore adequate time to respond.

Agenda Item 8-J (continued):

Director Burns asked why this time the censure is being handled differently than last time. Mr. Lowrey answered that last time it involved an employee and was discussed in closed session. This time, it does not involve an employee and a Board member is an elected official, not an employee.

Director Moore asked Mr. Lowrey to state for the record that he prepared the agenda transmittal and draft resolution. Mr. Lowrey answered affirmatively. Director Moore asked if Mr. Lowrey could swear that the information regarding this item in the Board packet is true, the whole truth and nothing but the truth. Mr. Lowrey answered no, that it was not his function. His function was to investigate, obtain facts and to try to verify the facts to the best of his ability. It was not his job to attest to the veracity of the facts, and he did not have enough first hand knowledge that he would consider appropriate to be able to attest to. Mr. Lowrey stated he tried diligently to obtain the facts set forth here and to send them forth as clearly as possible. Director Moore asked if Mr. Lowrey spoke directly to him during the process of obtaining the facts. Mr. Lowrey answered that he did not. Director Moore stated that now there was a series of derogatory allegations that are now part of a permanent public record. If they are not Mr. Lowrey's allegations, then whose allegations are they? Mr. Lowrey commented that at a previous meeting, Director Nishi had asked to have this item on the agenda. Director Moore stated that at the June 9, 2009 meeting, when Director Nishi asked to have a censure item placed on the agenda, Director Moore asked what the topic of the censure would be and no one answered his question. Director Moore voiced his disappointment in having these allegations made public without anyone talking directly to him.

Director Moore stated that he would be responding to the allegations and some of them are quite ambiguous. First, the Special Districts Association position Director Moore allegedly took over and secondly there is no evidence other than references to the Board Procedures Manual and three different Board meetings. Director Moore commented that in order to prepare a response, he needs to know what specific evidence is involved. Director Moore stated that the burden of proof must lay with those making the allegations. Director Moore stated that he would be unavailable during the August meeting due to obligations with his employer and asked that this be put off until the September Board meeting.

President Gustafson stated that when he came on the Board there was not much being done. As a resident of Marina, he noticed that there seemed to be officials who used the organization to control development and used water as a hostage.

Director Nishi answered that they weren't talking about water and they were talking about the censure.

President Gustafson commented that when the Board met in discussions on the Recycled Water Project they met as a team; and when the Board wanted representation for the Special Districts Association, they as a Board decided that they wanted Director Ken Nishi to represent us.

Agenda Item 8-J (continued):

Director Nishi asked what was being done tonight. Mr. Lowrey answered that they are receiving the transmittal and draft resolution. It may be discussed and no action will be taken at this time. Director Nishi asked if the Board was being asked to receive this information and making a motion to take action at a different meeting. Mr. Lowrey answered affirmatively and stated that Director Moore asked for additional information and if anyone wanted to provide additional information they may do so at this time.

President Gustafson commented that the Board did not want Director Moore to represent them at the Special Districts Association (SDA) and the Board approved another Director to do so. Contrary to the Board's wishes, Director Moore continued to attend and got promoted within the organization. On the LAFCO representation, the Board approved Director Nishi to run for election and Director Moore went out on his own contrary to the Board's wishes. It doesn't look good and it seems the District lost respect with the SDA. President Gustafson stated he wants the Board to work together as a team.

Director Burns commented that it is only fair to have all the facts before making a decision and it is fair to grant Director Moore an extension.

Vice President Lee commented that he hadn't heard if this item was going to be continued.

Mr. Lowrey commented that there had been a request to reschedule and if the Board desires further investigation and more detailed memoranda, they can direct staff and him to do that.

Director Burns made a motion to reschedule this item and for staff to further investigate and provide more detail at that meeting. Vice President Lee seconded the motion. Director Nishi stated that he could agree to that if Director Moore brings a copy of his orders in. Director Moore answered that he would bring in his orders. The motion was passed.

Director Moore	-	Yes	Vice President Lee	-	Yes
Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

9. Staff Reports:

A. Receive 2nd Quarter 2009 Ord Community Quarterly Water Consumption and Sewer Flows Report:

Mr. Rich Youngblood, Conservation Coordinator, introduced this item.

Director Nishi questioned the water percentage used on page 292 under Army Facilities & Businesses – Ord.

Agenda Item 9-A (continued):

Mr. Prasad commented that the percentage is reflected in water allocation and there is no specific allocation for this list. Mr. Youngblood stated there is not an allocation for Army facilities by themselves. This retention by the Army is for the entire Army community. Director Nishi asked why there is a water percentage at the bottom then. Mr. Prasad answered that it is a form report. Mr. Andy Sterbenz, Schaaf & Wheeler, suggested creating sub-categories like those in the Marina section. Mr. Prasad answered that he uses Crystal Reports to create this report and will try to adjust it accordingly. Director Nishi questioned the CSUMB allocations and asked that they be included in the breakdown. He also asked that the Abrams Park and Marina – Ord show allocations. Mr. Prasad will adjust the report to include those numbers.

President Gustafson returned to the postponed item 8-I.

- I. Consider Adoption of Resolution No. 2009-55 to Provide a Variance Regarding 223/225 Palm Avenue:

Mr. True introduced this item.

Director Nishi questioned how many EDU's are proposed for this project. Mr. True answered that there are six (6) EDU's for water, six (6) EDU's for sewer and one (1) EDU for the laundry unit for a total of seven (7) EDU's. Director Nishi asked how many EDU credits Mr. Lucido has. Mr. True answered that he has three (3) EDU credits. Mr. True stated that the plan review is still being processed and the final numbers will be decided when the plan review is complete. Director Nishi questioned why this isn't waiting until the plan review is complete so the Board can have the final numbers.

Director Moore asked how much was paid in capacity charges. Mr. Salvatore Lucido commented that he paid approximately \$34,000 in capacity charges and was under the impression that it would carry him through the completion of the project. He was not aware that there was a one-year window on the permit and needed to complete the project before that time. Mr. Lucido stated that now he owes an additional \$14,000. He is asking the Board to consider a payment plan or decreasing the fee of what is owed. Mr. Lucido commented that he did not receive all the information that he needed to know to complete the job in time.

Director Moore asked what the \$34,000 included. Mr. True answered that it included connection costs, permit applications, plan check fees, etc. Director Nishi asked if Mr. Lucido paid for everything at the time he got the permits. Mr. True answered that Mr. Lucido had paid for everything that was known at the time. Director Nishi asked why there was a delay in payment until the fees were increased. Mr. True answered that the plans were not complete and the process was never completed. Mr. Lucido stated that he was under the impression that everything was okay.

Agenda Item 8-I (continued):

Director Moore stated that he agreed with Director Nishi and wanted to wait until the plan check process is complete then asked staff to put together a payment plan. President Gustafson agreed that it would be best to work with final numbers.

Vice President Lee asked if the water was connected and if the apartments were being held up because there was no connection. Mr. Lucido answered that everything was being held up at this point but his engineers are just about complete with the revisions and the plans should be heading back to the District within the next few days. Vice President Lee asked if other connections from the street to the property have been completed. Mr. Lucido answered that electrical and gas lines have been put in. The only things not in the ground are the water and sewer lines.

Mr. True commented that Attachment B shows the revised forms the District will be using in the Engineering Department.

Mr. Lowery commented that it would be appropriate to continue this at sometime in the future so the applicant is not left hanging.

Director Nishi made a motion to allow the applicant to cut into the street so he can get his occupancy, and staff come back with documentation that shows the District used due diligence to cover themselves. Mr. Lowrey clarified that the District will allow connection to the system, and at the next regularly scheduled meeting, staff will bring back the amount of fee and terms of payment.

Mr. Jim Heitzman, General Manager, asked that staff meet with the applicant and bring back an agreement to the next meeting. Discussion followed.

Mr. Lowrey asked if the motion was that staff meet with the applicant and bring back an agreement to the next meeting or schedule a special meeting if necessary. Director Nishi amended his motion to have staff bring back an agreement to the next meeting or schedule a special meeting if necessary. Vice President Lee seconded the motion. The motion was passed.

Director Moore	-	Yes	Vice President Lee	-	Yes
Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

B. Receive a Report on the Customer Parking Areas at the Reservation Road Office:

Mr. Heitzman gave a brief report on the designated customer parking areas. Director Moore suggested that a time limit be placed on the customer parking signs. Mr. Heitzman answered that it could be done. Director Nishi stated that he did not want to spend any more funds on parking signs. Discussion followed.

10. Informational Items:

A. General Manager's Report:

Mr. Heitzman commented that there was a cost hearing at the PUC that lasted two days on the Coastal Water Project. The result was that the Regional Water Plan is a more cost efficient project and even if the rates were increased by 50%, it would still be more cost efficient than the Coastal Water Project.

Public Participation meetings were held in Monterey and Seaside. Approximately 95% were in favor of the Regional Water Plan being publicly owned. MCWRA, MRWPCA, MCWD, and CalAm are working together to understand each others projects and where the projects can benefit the other.

Director Moore asked if the hybrid project had any support. Mr. Heitzman answered that the hybrid project was ridiculed by a number of people and they don't want to hear about it. The hybrid project may not have been engineered sufficiently.

Director Nishi stated that Mr. Heitzman made positive comments at the Public Participation meeting regarding CalAm.

B. District Engineer's Report:

Mr. True stated he had nothing to report.

C. Counsel's Report:

Mr. Lowery observed that the Administration Law Judge who is presiding over the PUC process is a person who has a great depth of experience and favors collaborative approaches rather than litigation. The District's decision early on to participate in a collaborative approach was a wise decision. At this stage of the game, there isn't a project yet and all parties are participating in the process.

D. Committee and Board Liaison Reports:

1. Water Conservation Commission:

No comments.

2. Joint City-District Committee:

No comments.

3. MRWPCA Board Member:

Director Nishi reported that the regular meeting was boilerplate. The Budget went through and capacity charges. Director Nishi said he voiced his concern that the packet listed names alphabetically and the newspaper did not.

4. LAFCO Liaison:

No comments.

5. JPIA Liaison:

No comments.

6. FORA:

Vice President Nishi stated the yearly legislative session presentations were made at the meeting and the budget was approved.

7. Executive Committee:

No comments.

8. Community Outreach:

Vice President Lee stated Mr. Paul Lord has been keeping customers informed on the available rebates. Also, a customer suggested considering a rebate for hot water recirculating pumps. President Gustafson commented that it helps to place the hot water heater in the correct spot for maximum efficiency. Director Burns said he thought the District was considering rebates on tankless water heaters at one time.

9. Ord Community Ad Hoc Committee:

No comments.

10. Special Districts Association Liaison:

No comments.

E. Director's Comments:

Director Burns commented on the censure issue. He stated that if Board members are going to be held accountable for their actions at all times, he doesn't want to wait to address the issues. As the issues arise, the issues should be placed on the table and discussed.

Agenda Item 10-E (continued):

Director Nishi commented that hopefully the Board can work together to get things solved and it is better if they all worked as a team. If they work together they can get things done. Director Nishi agreed that the District should look into rebates for tankless water heaters.

Director Moore asked if the next meeting would return to the 6:45 p.m. time frame. President Gustafson answered it would.

President Gustafson reiterated what Director Nishi said about working together.

11. Adjournment:

The meeting was adjourned at 8:25 p.m.

Director Nishi	-	Yes	President Gustafson	-	Yes
Director Burns	-	Yes			

9. Staff Reports:

B. Receive a Report on the District's Document Storage System:

Mr. Heitzman stated that the Board has passed a Green/Sustainable Policy and part of that is to cut back on paper products. The District has many rooms of old files and papers that will be put into the document imaging system and with the ability to view all the documents, staff won't need to waste paper printing and copying those documents to view them. Mr. Suresh Prasad, Director of Finance, gave a brief presentation on the Laserfiche Document Storage System.

President Gustafson commented that the existing plans can be put into the system and in the future, the District can require developers to submit their work in electronic form to save paper.

10. Informational Items:

A. General Manager's Report:

Mr. Heitzman commented that he has been making many presentations on the Regional Water Plan and is always available to make a presentation to anyone at anytime. He added that anytime anyone wants a presentation on any project the District is working on, he would be happy to do so.

Director Burns suggested putting this information in the newsletter to update everyone on what was going on.

Ms. Merritt-Moore asked that staff inform her of any upcoming presentations so she could film it for the public to see.

C. District Engineer's Report:

Mr. True stated he had nothing to report.

C. Counsel's Report:

Mr. Lowery stated he had nothing to report.

D. Committee and Board Liaison Reports:

1. Water Conservation Commission:

Vice President Lee stated that discussion was held regarding the booth at the Monterey County Fair and praised the efforts of Mr. Paul Lord and staff on the beautiful landscaping at the Ord office.

4. Joint City-District Committee:

President Gustafson stated that the meeting was being rescheduled.

5. MRWPCA Board Member:

5. Action Item:

- A. Consider Adoption of Resolution No. 2009-64 to Authorize the General Manager to Run for Election to the National Water Resources Association Board of Directors:

Mr. Jim Heitzman, General Manager, introduced this item stating that this special meeting was called because the regular meeting was postponed until September 22, 2009 and the deadline for nomination to the National Water Resources Association (NWRA) Board of Directors is September 10, 2009.

Vice President Lee asked how much of Mr. Heitzman's time this position would require. Mr. Heitzman answered that there are four scheduled meetings per year and that a benefit to the NWRA is the ability to interface and network with a lot of people that could potentially find major funds for the District.

Director Nishi made a motion to adopt Resolution No. 2009-64 authorizing the General Manager to run for election to the National Water Resources Association Board of Directors. Vice President Lee seconded the motion. The motion was passed.

Agenda Title: Consider Adoption of Resolution No. 2009-55 to Provide a Limited Variance to
223/225 Palm Avenue

Detailed Description: The Board of Directors is requested to take action on a Variance Request. The Applicants' completed Variance Request Form was received by District staff on April 14, 2009. The Variance Request Form, a letter response from the General Manager to the Applicant containing notification of his recommended course of action, the Interim District Engineer's memorandum to the General Manager, and a letter from the Applicant are included as Attachment A to this Transmittal.

Staff advises the Board that MCWD Code Sections 2.08.020 C. and D., state that the District Board will take action at this meeting or defer action until a later meeting and that the Board has the power, by resolution, to approve or disapprove requests for variances, after considering recommendations received from the General Manager.

Staff's recommendation is that the Variance Request be denied on the basis that the conditions for granting such a variance (MCWD Code Section 2.08.020 D. – Variances) have not been met. Denying the Request will result in the Applicant being required to pay all current connection costs based on the July 20, 2009 authorized-for-construction plan-set at the current cost rates; however, staff further recommends that the Board direct the General Manager to enter into a Letter Agreement with the Applicant that will allow him to make monthly payments over a 12-month period until the Applicant has paid the complete cost and interest charges to connect to the MCWD water and sewer systems. This Letter Agreement will provide a limited variance to Water Code sections 6.08.090 D. and 6.12.020 D. that specifies "No service shall be provided through a connection for which the required capacity charge has not been paid." The Letter Agreement will specify all other terms and conditions for the Applicant to make the payments over time.

The Applicant's current total connection costs sum to \$40,073. The Applicant made a \$30,016 payment in April of 2008. The principal balance remaining is \$10,057 plus interest costs on the outstanding balance in accordance with the amortized schedule. The Applicant will commence making monthly payments towards that balance upon connection to MCWD's infrastructure. In the capacity charge portion of the connection cost computation, the Applicant was provided a credit for 4 EDU's of existing water use and 4 EDU's of existing sewer use.

Environmental Review Compliance: None required.

Prior Board Actions: The Board received reports on this matter at the May 12 and June 9, 2009 Board meetings. The Board provided direction to staff on the Action Item at the July 14, 2009 meeting. The item was included on the August 11, 2009 Board Meeting agenda but the item was removed from the agenda based on new received information.

Board Goals/Objectives: *2007/2008 Strategic Plan, Goal No. 2 – To meet 100% of current and future customers needs and make timely improvements and increase infrastructure and level of services and human resources to meet the needs of expanding service areas in an environmentally sensitive way.*

Financial Impact: _____ Yes ___X___ No

Funding Source/Recap: None.

Material Included for Information/Consideration: Resolution No. 2009-55; Attachment A – Variance Request; and Attachment B – draft Letter Agreement, Amortization Schedule, Invoice.

Staff Recommendation: The Board of Directors deny the Variance Request and direct Staff to enter into a Letter Agreement with the Applicant providing the Applicant with the ability to make monthly payments over a 12-month period until the cost plus interest is paid in full.

Resolution No. 2009-55
Resolution of the Board of Directors
Marina Coast Water District
Approving a Limited Variance for 223/225 Palm Avenue Regarding Connection Fees

September 22, 2009

RESOLVED by the Board of Directors (“Directors”) of the Marina Coast Water District (“District”), at a regular meeting duly called and held on September 22, 2009 at the business office of the District, 11 Reservation Road, Marina, California as follows:

WHEREAS, on April 2, 2008 the Applicant paid connection costs, including capacity charges, to the District to connect to the system and failed to complete the connection within the twelve month time limit; and,

WHEREAS, on April 14, 2009, the Applicant submitted a Variance Request (Attachment A); and,

WHEREAS, the Board of Directors desires to deny the specific variance request to the District’s Water Code but desires to provide a limited variance to the Code that allows the Applicant to make full payment plus any interest costs by monthly payments over a 12-month period pursuant to a Letter Agreement and associated amortization schedule and invoice (Attachment B).

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of the Marina Coast Water District does hereby authorize the General Manager to enter into a Letter Agreement with the Applicant specifying the terms and conditions of the payments over time and to take all actions and execute all documents as may be necessary or appropriate to give effect to this resolution.

Agenda Title: Consider Adoption of Resolution No. 2009-70 to Censure a Director

Detailed Description: By this action, the Board will decide whether to proceed with a possible censure of Director Moore for actions inconsistent with the District's Code of Ethics.

The District's Board Procedures Manual and, specifically, the Code of Ethics contained therein, require that a Board members' conduct, "at all times, enhance the integrity and goals of the District" and "the confidence the public has in the District" and require that, "once the Board takes action, directors shall commit to supporting said action and not to create barriers to the implementation of said action". (Section 14(G); and "all individuals should work together in a collaborative process, assisting each other in the conduct of the District's affairs". (Section 14(L)). Directors Nishi and Gustafson have questioned whether Director Moore's actions violate Sections 14(G) and 14(L).

On January 10, 2007, the Board of Directors voted to select Director Gustafson to be the District's representative to the Special Districts Association of Monterey County (SDAMC), with Director Moore as the alternate. On February 28, 2007, the Board of Directors voted to select Director Lee as the District's alternate representative to the SDAMC, replacing Director Moore. Notwithstanding this action by the MCWD Board, Director Moore has continued to attend the Association meetings, continues to serve on the Special District Association (SDA) Board of Directors and continued to seek reimbursement from the District for the cost of his meals at the Special District meetings through April 21, 2009.

On May 28, 2008, the Board of Directors voted to nominate and support Director Nishi as a candidate for the alternate position representing special districts on the Monterey County Local Agency Formation Commission (LAFCO) Board Special District seat. Contrary to the Board selection of Director Nishi to run for the LAFCO Board seat, Director Moore opposed Director Nishi, and was elected as special district alternative representative to LAFCO.

Description of Proposed Action:

The proposed action is to determine if the other Board members wish to censure Director Moore for his above described actions.

At the July 14, 2009, Board meeting, the Board voted to hire an investigator to review the allegations and proposed censure, and set the September meeting as the date to further consider the censure and the investigator's report. The September meeting was later rescheduled from September 9 to September 22. District Counsel engaged Sue Parris to conduct the investigation. Ms. Parris completed a report that was forwarded to the General Manager on September 1. The

report was forwarded to Director Moore on September 10. Sue Parris will be available at the September 22 meeting to deliver her report and respond to questions.

Censure is an official reprimand of a Board member by the Board, normally based on a violation of Board policy or other behavior considered inappropriate by the Board. The resolution or motion of censure may not infringe any of the member's free speech rights or impose any punishment. It may not prevent the censured Board member from performing official duties, such as the right to vote as a Board member, or restrict the Board member's opportunities or ability to speak before the Board or to the public. It may request that the Board member act or refrain from acting in some specified way. A majority vote is required to adopt a resolution or pass a motion for censure.

In this case, the proposed censure is based on alleged violations of Board policy, specifically, Sections 14(G) and 14(L). The Parris Report states that there are facts that might support an interpretation that some of the alleged actions were not in accord with Board policy. The Parris Report does not find factual support for some of the allegations, including the request for reimbursement of meals and taking positions at the Special Districts Association contrary to the position of the MCWD Board and official SDA representative.

The Board has given Director Moore adequate notice of the proposed action and an opportunity to respond. The Board should review this Transmittal and the proposed Resolution, review the written report and presentation from Sue Parris, and decide whether the actions of Director Moore support censure. This Transmittal and the Resolution have taken the Parris Report into account.

Board Goals/Objectives: 2007/2008 Strategic Plan, Mission Statement – Providing high quality water, wastewater and recycled water services to the District's expanding communities through management, conservation and development of future resources at reasonable costs.

Resolution No. 2009-70
Resolution of the Board of Directors
Marina Coast Water District Issuing
Censure of Director

September 22, 2009

RESOLVED by the Board of Directors (“Directors”) of the Marina Coast Water District (“District”), at a regularly scheduled meeting duly called and held on September 22, 2009 at the business office of the District, 11 Reservation Road, Marina, California as follows:

WHEREAS, Director Thomas Moore is a member of the Marina Coast Water District Board of Directors; and,

WHEREAS, another Board member has asked the Board to consider censuring Director Moore for certain actions that allegedly violated Sections 14(G) and Section 14(L); and,

WHEREAS, censure is an official reprimand of a Board member by the Board, normally based on a violation of Board policy or other behavior considered inappropriate by the Board; and,

WHEREAS, a resolution or motion of censure may not infringe a Board member's free speech rights or impose any punishment, or prevent the censured Board member from performing official duties, such as the right to vote as a Board member, or restrict the Board member's opportunities or ability to speak before the Board or to the public; and,

WHEREAS, by way of censure, the Board may request that a Board member act or refrain from acting in some specified way; and,

WHEREAS, the District's Board Procedures Manuel and, specifically, the Code of Ethics contained therein, require that, in order to assist in the governance of the behavior between and among members of the Board, the Code of Ethics requires that:

“Once the Board takes action, directors shall commit to supporting said action and not to create barriers to the implementation of said action”. (Section 14(G); and,

“All individuals should work together in a collaborative process, assisting each other in the conduct of the District's affairs”. (Section 14(L)); and,

WHEREAS, the Board of Directors gave Director Moore adequate notice of the proposed censure at its July 14, 2009 regularly scheduled Board meeting and gave Director Moore the opportunity to respond to and comment on the proposed censure at its September 2009 meeting, thereby affording Director Moore adequate notice of the “charges” against him and a reasonable opportunity to respond; and,

WHEREAS, Director Moore violated the District's Code of Ethics Sections 14(G) and 14(L) by continuing to serve on the Special Districts Association of Monterey County despite

the fact that the Board, on January 10, 2007, elected Director Gustafson to be the District's representative to the Special Districts Association of Monterey County; and,

WHEREAS, Director Moore also violated the District's Code of Ethics Sections 14(G) and 14(L) by running for election to the LAFCO Board Special District seat despite the fact that the Board, on May 28, 2008, elected Director Nishi to be the Director that the District wanted to run for election to the LAFCO Board.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors of the Marina Coast Water District does hereby find:

1) Director Moore has failed to behave in a manner consistent with the vote of the majority of the Board members by continuing to serve on the Special District Association and failing to support the Board's vote as to who should run for election to the LAFCO seat, and running against said Board's choice for the LAFCO seat, thereby creating barriers to the implementation of the Board's actions in violation of Section 14(G) of the Board's Code of Ethics and failing to work together in a collaborative process and assist other Board members in the conduct of the District's affairs in violation of Section 14(L) of the Board's Code of Ethics which actions merit censure; and,

2) Director Moore is hereby censured for his conduct which is contrary to the Board's Code of Ethics; and,

3) Director Moore is requested to refrain from engaging in similar conduct in the future.

PASSED AND ADOPTED on September 22, 2009, by the Board of Directors of the Marina Coast Water District by the following roll call vote:

Ayes: Directors _____

Noes: Directors _____

Agenda Title: Receive Update on the Hot Water Recirculation System Rebate Program

Summary: This program provides an incentive to customers to retrofit existing homes with hot water recirculation systems to reduce water consumption. When customers turn on the hot water and let it run until it becomes hot enough to use, they are wasting water. The amount of water wasted varies with a number of factors including the distance between the hot water heater and faucet where demand is required. This rebate will provide an incentive to retrofit a hot water recirculation system to the present system to reduce the wasted water.

The rebate provided will be up to \$125 per installation, not to exceed the cost of the pump being installed. While this does not reimburse customer the entire cost of a retrofit which will vary from site to site, it provides an incentive for those who would consider doing so.

The data available to judge the effectiveness of hot water recirculation system retrofit programs for communities such as ours is not available. This program will allow us to collect data on the customer experiences in our service area to better evaluate the retrofitting of hot water recirculation systems in our community.

This program will be funded by transferring \$4,000 of the funds provided by K&B Homes to the operational budget. These funds were paid by K&B Homes as conservation offset for not installing District-approved hot water recirculation systems in the model homes at the Seaside Highlands Development. The budget amendment will be suggested as follows:

	<u>Budget</u>	<u>Change</u>	<u>Balance</u>
From: K&B Homes Account	\$46,000	-\$4,000	\$42,000
To: Hot Water Recirculation Program	\$0	\$4,000	\$4,000

Per direction from the Board, this item will be brought to the October Board meeting for consideration.
