MEMORANDUM

Marina Coast Water District

DATE: June 16, 2014

TO: Board of Directors

FROM: Kelly Cadiente, Director of Administrative Services

SUBJECT: Budget Summary

<u>Introduction.</u> The purpose of this Budget Summary is to provide an overview of the FY 2014–2015 Budget document and the key assumptions used in developing this Budget.

The Draft Budget includes 6 separate cost centers:

- Marina Water
- Marina Wastewater Collection (Sewer)
- Ord Community Water
- Ord Community Wastewater Collection (Sewer)
- Recycled Water
- Regional Desalination Project

In accordance with Article 7 of the Water Wastewater Facilities Agreement between MCWD and FORA, the District maintains separate cost centers to ensure that revenues and expenses are appropriately segregated and maintained for the Marina systems, the Ord Community systems, and the accruing costs for the Regional Water Augmentation Project. On October 25, 2006, the Board adopted Ordinance No. 43 which also requires the cost centers remain separate after the expiration of the Agreement between MCWD and FORA.

District costs that are not dedicated to a specific cost center are shared among the four primary cost centers - Marina Water, Marina Sewer, Ord Community Water, and Ord Community Sewer. Sharing of these expenses, in turn, creates efficiencies and cost savings for administrative functions for the two service areas that would otherwise not be realized. The District uses the expense ratio method to allocate these shared expenses. For FY 2014-2015, the assigned percentages are as follows:

Marina Water 29% Ord Community Water 52% Marina Sewer 8% Ord Community Sewer 11%

The following tables are historical and current calculations of allocation percentages:

¹Total Operating Expenses less depreciation/amortization. Recycled Water operating expenses are included in Ord Water cost center for % allocation purposes for FY 2011-12 through FY 2014-15.

*FY 2013-2014 budget and allocation the same as FY 2012-2013.

The District utilizes a system of tracking of expenses for specific activities through the use of task codes. Task codes are assigned to expenses within different line item accounts to track the total cost of the specific activity such as research and development of augmented water sources.

<u>Assumptions</u>. The key assumptions used to build this Budget include:

- projected revenues in Marina and Ord Systems are based on current customer accounts and known developments. In addition, the District conducted a 5-year rate study which proposed a 5.3% water rate increase and a 10.4% sewer rate increase for Marina customers and a 22.5% water rate increase and 4.9% sewer rate increase for Ord customers.
- projected revenues and funding sources of \$18.843 million for all cost centers; Marina Water \$4.899 million, Marina Sewer \$1.141 million, Ord Community Water \$9.807 million, Ord Community Sewer \$2.985 million, and Recycled Water \$0.011 million.
- projected expenses (excluding interest) of \$8.652 million for all cost centers; Marina Water \$2.471 million, Marina Sewer \$0.658 million, Ord Community Water \$4.586 million, and Ord Community Sewer \$0.937 million.
- scheduled debt (principal/interest) payments on the 2010 \$8 million bond that refinanced the Armstrong Ranch Promissory Note.
- scheduled debt (principal/interest) payments on the 2006 \$42 million bond for Marina and Ord Community service area and on the Ord Community internal loan repayment from Ord Community service area to Marina service area.
- capital replacement reserve funding for Marina and Ord Systems per Board Policy (\$0.200 million for Marina Water, \$0.100 million for Marina Sewer, \$0.200 million for Ord Water and \$0.100 million for Ord Sewer) will be forgone for the FY 2014-2015 budget year.
- proposed monthly rates with the proposed rate increases for the Marina customers and for Ord Community customers as follows:

Effective July 1, 2014

Water Rate (monthly	()	Marina	Ord Community
Meter Service Charg	ge	\$19.87	\$28.96
Tier 1	(0 - 8 hcf)	2.47	2.22
Tier 2	(9-16 hcf)	2.83	3.40
Tier 3	(17+ hcf)	5.00	4.59
Flat Rate Billing		N/A	<u>98.36</u>
Average monthly bill	l (13 hcf)	\$53.78	\$63.72
Wastewater Collection	on Rate (monthly)	Marina	Ord Community
Flat Rate		\$10.10	\$26.49

Effective January 1, 2015

Water Rate (m	onthly)	Marina	Ord Community
Meter Service	Charge	\$20.46	\$31.48
Tier 1	(0 - 8 hcf)	2.55	2.60
Tier 2	(9-16 hcf)	2.92	3.98
Tier 3	(17+ hcf)	5.15	5.37
Flat Rate Billing	a	N/A	112. <u>65</u>
Average month	ly bill (13 hcf)	\$55.46	\$72.18
Wastewater Co	ollection Rate (monthly)	Marina	Ord Community
Flat Rate		\$11.11	\$27.55

- \$5.051 million of Capital Improvement Projects; Marina Water \$0.773 million, Marina Sewer \$1.057 million, Ord Community Water \$1.575 million, Ord Community Sewer \$0.646 million and Regional Desalination Project \$1.000 million.
- salaries adjusted 2% for Cost of Living Adjustment per MOU agreements with District employee groups.
- support for a staff of 35 positions:
 - Administration 11
 - Operations & Maintenance 16
 - Laboratory 1
 - Conservation 1
 - Engineering 6
- increased healthcare costs based on information received as of January, 2014 (a 10% increase has been included).
- continuation of various conservation rebate program costs.
- cost of new technology (upgrades per the District's Technology Plan).
- annual maintenance of facilities for Operations & Maintenance.

Project: MCWD Fort Ord Office Landscape Project

Project No: WD-0203

Cost Center: Marina Water; Marina Sewer; Ft Ord Water; Ft Ord Sewer

Project Description

This project is for completing the installation of landscaping at MCWDs' Fort Ord Office located at 2840 4th Avenue in Marina, CA. The project scope includes installing a "water-wise" irrigation system and the planting of native plant species and other low water use plants.

Project Justification

A landscape installed as a demonstration "garden," which will be open to the general public, will enhance the public's understanding of the District's landscape and conservation ordinances.

Project: SCADA System Improvements - Phase I

Project No: WD-0115

Cost Center: Marina Water; Marina Sewer; Ft Ord Water; Ft Ord Sewer

Project Description

This project is for improving the Supervisory, Control, and Data Acquisition (SCADA) facilities. MCWD has more than 40 (current) remote water and sewer infrastructure sites that need SCADA improvement. The current phase of the project will result in functional and expandable SCADA "hubs" that will transmit signals to

MCWDs' O&M control room while the future phases will up-grade the remote sites.

Project Justification

This project is needed to increase the reliabilty of the SCADA facilities. A well-functioning SCADA system is fundamental to efficient operation of water and waste water systems and reliable SCADA facilities reduce risk because problems with remote infrastructure can be identified, communicated and/or prevented prior to failure.

Project: IOP Building E (BLM)

Project Number: WD-0202

Cost Center: Marina Water; Marina Sewer; Ft Ord Water; Ft Ord Sewer

Project Description

Construction of a building at the Imjin Office Park to house the BLM Regional Offices.

The project cost will be recouped via a long term lease with the Government.

Project Justification

This project takes advantage of property owned by the District intended for future use beyond the lease term.

The majority of this project will be financed and the expenses will be recouped via lease revenue.

The BLM would like to occupy the building as soon as it becomes available.

Cost Center: Marina Water; Ord Community Water

Project Description

All of MCWD's potable water tanks/reservoirs will be inspected, cleaned, and maintained within FY 13/14. The inspection will be conducted by a diver and cleaned with a vacuum operation such that the tanks will not require draining.

Project Justification

CA DPH requires this activity based on their December, 2012 report reviewing MCWD's permitted potable water system.

Project: A1 & A2 Zone Tanks & B/C Booster Station

Project Number: GW-0112

Cost Center: Ord Community Water; Marina Water

Project Description

Two A-Zone storage tanks with a total usable storage capacity of 5.2 Million Gallons, B-Zone and C-Zone Booster Pump Station, and associated piping and facilities.

The project location is currently being negotiatied with CSUMB at the time of preparing this document. At least one Tank will be placed at or near CSUMB main campus.

Project Justification

The District has minimal "A" Zone storage capacity. The A1/A2 Zone Tanks are to provide operational, fire, and emergency water storage for Zone A in the Ord Community and Central Marina The B and C booster pumps will pump water from Zone A to Zones B and C. The facilities currently serving these functions are over sixty years old and are approaching the end of their useful life.

Project: Replace Lift Station No. 5

Project No: MS-0133
Cost Center: Marina Sewer

Project Description

Located on Cosky Drive in northern Central Marina, this project will replace the current sanitary sewer lift station (LS) with a concrete below-grade wet-well/dual submersible pump/valve vault LS facility. A back-up generator, new electrical service, and electrical code up-grades are included to ensure reliable service.

Project Justification

This project is needed because the existing LS is beyond its' useful life.

In order to maintain operation, the facility requires frequent attention and specially trained personnel to enter (confined space).

Replacement of this facility will result in lower operational expenses.

Project: Reservation Road Siphon

Project No: MS-0206
Cost Center: Marina Sewer

Project Description

This project provides a new sewer FM to replace a poorly functioning siphon within Reservation Road that traverses beneath Hwy 1.

Project Justification

O&M identified the failing siphon that serves approximately 25% of the Central Marina area. Removing the siphon from the system will prevent potential sewer overflow events and will better serve customers that discharge sewage into the siphon. The failing siphon is also causing operational difficulties with Lift Station 2 that will be resolved by implementing this CIP.

Project: Well 30 Pump Replacement

Project No: OW-0223

Cost Center Ord Community Water

Project Description

Replacement of Well 30 pump, casing, and shaft assembly and the installation of a transducer to monitor water levels.

Project Justification

The Well 30 Pump and casing have reached the end of their useful life and require replacement.

O & M staff removed the pump and casing after abnormal vibrations were encountered.

Once extracted it was determined the assembly was no longer operating properly and would require replacement. This work is required to get the well back online.

Project: Gigling Transmission from D Booster to JM Blvd

Project No: OW-0201

Cost Center Ord Community Water

Project Description

This project entails the construction of approximately 1,800-LF of 12-inch PVC potable water pipeline to repalce an existing 12-inch AC pipeline installed by the

Army. The section of pipeline being installed will be within the Gigling Road alignment from the D-BPS and extending to the west of the General Jim

Moore Boulevard intersection.

Project Justification

This project was originally identified in the Ord Community Water Distribution Master Plan (2004, RBF). Staff identified the need to increase the scope of the project based on the existing condition and installation failings of the facility. The condition and installation failings were discovered in 2011 through a significant water outage event. Staff has re-estimated the cost of this CIP based on the new scope (thus the Source of the project is now Internal).

Capital Improvement Project Sheet

Project: Clark Lift Station Improvement

Project Number: OS-0200

Cost Center: Ord Community Sewer

Project Description

This project is for replacing the current sanitary sewer lift station with an improved lift station. The project scope includes an up-graded concrete below-grade wet-well, a dual submersible pump, and a valve vault. A back-up generator is also included in the scope. The project is located at the intersection of Brostrom and Clark Court in the Former Fort Ord portion of eastern Marina.

Project Justification

This project is needed because the existing lift station is beyond its useful life. The lift station is costly to maintain and operate; replacement will result in lower operational expense.

Capital Improvement Project Sheet

Project: Imjin LS & Force Main Improvements - Phase I

Project Number: OS-0205

Cost Center: Ord Community Sewer

Project Description

The first phase of this project includes constructing another wetwell, installing two pumps with all accessories and appurtenances.

Project Justification:

The exisitng lift station and forcemain can't handle all the anticipated wastewater flows from East Garrison, UCMBEST, Marina Airport, Existing Marina lift Station as was stated in the Ord Community Wastewater Master Plan; the project will be split into two phases and is necessary to accommodate near to long term future development

Capital Improvement Project Sheet

Project: Regional Desalination - Project Implementation

Project No: RD-0101

Cost Center: Regional Desalination Project

Project Description

This project is for planning, designing, and implementing the Regional Desalination Project. The Regional Desal Project scope is as described in the Water Purchase Agreement.

Project Justification

The Regional Desalination Project will allow the Monterey Peninsula community to comply with State-required reduction in water supplies drawn from the Carmel River.

Likewise, it will help to ensure that only the alloted amount of groundwater from the Seaside Groundwater Basin is drawn. In addition, the Regional Desal Project will provide a sustainable water supply for the approved redevelopment of the Former Fort Ord within MCWD's Ord Commmunity service area.
