

MARINA COAST WATER DISTRICT
11 Reservation Road, Marina CA 93933 (831) 384-6131
COMMERCIAL CONNECTION FORM AND PERMIT APPLICATION

Completing the Commercial Connection Form & Permit Application does not guarantee issuance of a permit.
ALL SPACES BELOW MUST BE COMPLETED OR THE APPLICATION MAY NOT BE PROCESSED.

(Please print clearly.)

1. OWNERSHIP INFORMATION

Property Owner: _____
 Owner's Telephone Number: _____
 Mailing Address: _____

2. AGENT/REPRESENTATIVE INFORMATION

Agent/Representative: _____
 Agent's Telephone Number: _____
 Mailing Address: _____

3. PROPERTY INFORMATION

Property Address: _____
 Assessor's Parcel Number _____
 Project Type (Check One) _____

- _____ New Construction
- _____ Renovation of Existing Structures
- _____ Rehabilitated Landscape (2,500 Sq. Ft. or more)
- _____ New business in existing building, no renovation

Water Meters Required (enter quantity): _____ Potable _____ Irrigation

<p>Fire protection sprinkler flow rate (gpm) _____ gpm</p> <p>Peak residential/ domestic service flow rate (gpm) _____ gpm</p> <p>Total water flow rate (gpm) _____ gpm</p> <p>Note:</p> <p>1. Fire protection sprinkler flow + peak residential/ domestic service flow = total water flow</p> <p>2. Residential/ Domestic service peak flow rate from water fixture unit count or MCWD accepted plans.</p>

1. In completing the Commercial Connection Form and Permit Application, the undersigned acknowledges that any discrepancy or mistake may cause rejection or delay in processing the application. Additionally, the undersigned is responsible for accurately accounting for all water fixtures. If the fixture unit count changes or business type changes without notification to the District, or if a difference in fixtures or business type is documented upon official inspection, water permits for the property may be cancelled. In addition, if water fixtures are installed or a change of business type occurs without a water permit, then this may be cause for interruptions of the water service to the site, additional fees and penalties, the imposition of a lien on the property, and deduction from the local jurisdiction's allocation.

2. In completing the Commercial Connection Form and Permit Application, the undersigned acknowledges that MCWD Code 6.08.040, Paragraph D states "If connection is not made to the District's water or recycled water system within one year from the date a capacity charge is paid after the effective date of this provision (August 8, 2007), the difference between the amount of the capacity charge paid and the amount of the revised capacity charge in effect at the time of the connection shall be paid to the District before the connection is installed".

3. In completing the Commercial Connection Form and Permit Application, the undersigned acknowledges that MCWD Code 6.12.020, Paragraph D states "If connection is not made to the District's sewer system within one year from the date a capacity charge is paid after the effective date of this provision (August 8, 2007), the difference between the amount of the capacity charge paid and the amount of the revised capacity charge in effect at the time of the connection shall be paid to the District before the connection is installed".

4. Upon installation of the water meter, the undersigned acknowledges that a Back Flow Preventer Assembly (BFP) Test shall be conducted by a Certified BFP Assembly Tester within two weeks of meter installation. Failure to do so within the time frame and/or failed test results may result in removal or lockout of the meter.

I certify, under the penalty of perjury, that the information provided on the Commercial Connection Form and Permit Application is to my knowledge correct, and the information accurately reflects the changes affecting water presently planned for this property.
