

Ord Rates, Fees, and Charges

Rates, fees, and charges for the Ord Community service area support the delivery of safe, reliable, and sustainable water, wastewater, and recycled water services. They are based on the District's adopted rate study and help fund operations, maintenance, infrastructure improvements, and regulatory compliance.

Unless otherwise specified, the listed rates, fees, and charges are effective July 1, 2026. Customer billing is processed once each month based on applicable service charges, metered usage, and other account-related fees. Charges will remain in the current customer's name until the District is notified of the intent to discontinue service. For billing questions, please contact the Billing Department at 831-384-6131, option 2

Your Bill at Work

Customer rates fund the daily services and long-term infrastructure needed to provide safe, reliable water and wastewater service. These charges support system operations, maintenance, customer service, billing, meter reading, regulatory compliance, debt service, and capital improvements.

WHERE YOUR DOLLAR GOES

UNDERSTANDING YOUR MONTHLY BILL

For every **\$1.00** you pay, here's how it is invested to deliver safe, reliable water and wastewater service.

¹ For the first 10 HCF per month.
*Increase based on a 2.5% increase in the Consumer Price Index (CPI) between Feb 2025 and Feb 2026.
**Per District Ordinance 6.08.090 Section B, each July 1st, Capacity Charges will be adjusted by an increment based on the change in the Engineering News Record–City Average Construction Index (CCI) over the prior year, using the index published for the first quarter of the calendar year, and rounding to the nearest \$25. The average CCI for the first quarter of 2026 is 2.72%.
*** Computed based on the average CCI for 1st Quarter 2026 (2.72%). Effective July 1, 2026 as per agreement with California American Water Company.
