The consultant is encouraged to suggest additions or modifications to the scope that will enhance or clarify the Plan and the suggestions should be incorporated into the proposal. The District is seeking to enter into a Professional Services Agreement with an individual or organization to provide the services described in section III.

II. BACKGROUND

The Marina Coast Water District (District) provides water service and wastewater collection service to 36,000 – 40,000 residents through approximately 20,000 connections in and adjacent to the City of Marina and on the former Fort Ord military installation. The District currently pumps all of its water supply, approximately 3,200 acre feet of water (both Marina and Ord Systems) annually from groundwater wells. The District also conveys in excess of two million gallons per day of sewage to the Monterey One Water for treatment. Although there are water inter-tie connections between the Marina and Ord systems, the Marina and Ord Community service areas are still maintained as separate operations, with separate financial records and accounts. The District has developed capital improvement programs for both the Marina and Ord Community service areas.

The District provides non-potable/recycled water for public and private landscape irrigation and commercial uses, and has installed several recycled water pipeline segments. Additionally, MCWD has agreed to transmit non-potable water through MCWD's non-potable water pipeline for the Monterey One Water's Pure Water Monterey Project, thereby improving the level of treatment of the non-potable water for District customers.

The District last completed its 2020 Urban Water Management Plan in June 2021. Copies of that Plan and Appendices are available for review at the District's office and on the District's website at: https://www.mcwd.org/engineering_forms_documents.php

Consultant shall pay and satisfy any judgment, award or decree that may be rendered against the District or any of its directors, officers, employees, or authorized volunteers, in any and all such aforesaid suits, actions, or other legal proceedings.

Consultant shall reimburse District and its directors, officers, employees or authorized volunteers, for any reasonable legal expenses and costs incurred by each of them in connection with, in any way, all such aforesaid suits, actions or other legal proceedings or in enforcing the indemnity herein provided, to the extent that they are covered by the above obligations to indemnify.

2. **General Liability** - Two million dollars (\$2,000,000) per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit or products-completed operations aggregate limit is used, either the general aggregate limit shall apply separately to the project/location (with the ISO CG 2503, or ISO CG 2504, or insurer's equivalent endorsement provided to the District) or the

The coverage shall contain no special limitations on the scope of protection afforded to the District, its directors, officers, employees, or authorized volunteers.
2. For any claims related to this project, the Consultant's insurance shall be primary insurance at least as broad as ISO CG 20 01 04 13 as respects the District, its directors, officers, employees, or authorized volunteers. Any insurance, self-insurance, or other coverage maintained by the District, its directors, officers, employees, or authorized volunteers shall not contribute to it.

4. The Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Such liability insurance shall indemnify the Consultant and his/her sub-consultants against loss from liability imposed by law upon, or assumed under contract by, the Consultant or his/her sub-consultants for damages on account of such bodily injury (including death), property damage, personal injury, completed operations, and products liability.

The general liability policy shall cover bodily injury and property damage liability, owned and non-owned equipment, blanket contractual liability, completed operations liability, explosion, collapse, underground excavation and removal of lateral support.

All of the insurance shall be provided on policy forms and through companies satisfactory to the District.

In the event any change is made in the insurance carrier, scope of coverage or retroactive date of professional liability coverage required under this agreement, Consultant shall notify the District prior to any changes.

1. **Workers' Compensation and Employer's Liability Insurance** - The Consultant and all sub-consultants shall cover or insure under the applicable laws relating to workers' compensation insurance, all of their employees employed directly by them or through sub-consultants in carrying out the work contemplated under this contract, all in accordance with the "Workers' Compensation and Insurance Act," Division IV of the Labor Code of the State of California and any Acts amendatory thereof. Deductibles and Self-Insured Retentions - Any deductible or self-insured retention exceeding \$50,000 must be declared to and approved by the District. At the option of the District, the insurer shall either reduce or eliminate such deductibles or self-insured retention.

Acceptability of Insurers - Insurance is to be placed with insurers having a current A.M. Best rating of no less than A:VII or equivalent or as otherwise approved by the District.

Evidences of Insurance - Prior to execution of the Agreement, the Consultant shall file with the District a certificate of insurance (Acord Form 25-S or equivalent) signed by the insurer's representative evidencing the coverage required by this Agreement. Such evidence shall include the additional insured endorsements. Such evidence shall also include confirmation that coverage includes or has been modified to include Required Provisions. However, failure to obtain the required documents prior to the work beginning shall not waive the Consultant's obligation to provide them.

The Consultant shall, upon demand of the District, deliver to the District such policy or policies of insurance and the receipts for payment of premiums thereon.

All insurance correspondence, certificates, binders, etc., shall be mailed to:

Sub-Consultants - In the event that the Consultant employs other consultants (sub-consultants) as part of the services covered by this Agreement, it shall be the Consultant's responsibility to require and confirm that each sub-consultant meets the minimum insurance requirements specified above.
