

Marina Coast Water District - Recycled Water Distribution Pipelines		
Questions and Answers During Re-Bidding - Questions Received through 2020-02-26		
Question Number	Question	Answer
1	What is the timing for the project to start?	Barring any issues with bids received, MCWD tentatively anticipates awarding the construction contract at the April 20, 2020 Board Meeting. MCWD anticipates starting the project (issuing a Notice to Proceed) as soon as all contractual paperwork is received and executed. Based on timing of previous projects, this may be mid to late May.
2	Have the drawings/specifications changed since the previous bid?	Yes.
3	Can we move an alignment farther around a tree to reduce trimming?	Project shall be bid per the design alignment.
4	Is the site visit mandatory?	A question has arisen about an ambiguity in the bid packets regarding the site visit. The site visit is mandatory. Those who have not already attended can attend a site visit on March 4, 2020 at 2:00 PM PST. Bidders shall meet at MCWD Reservoir 2 (along the Beach Road Alignment) if attending. An addenda will be issued that addresses this.
